ANNUAL REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and citizens of the Hill School District:

I herewith submit my fourth annual report as your Superintendent of Schools:

Personnel

Mrs. Ruth Rounds, who has taught for many years in Hill, continues to teach grades 1, 2 and 3.

Mrs. Marion Crowley, who has taught in Hill for five years, continues to teach grades 4, 5, 6 and 7.

Mrs. Beatrice Nordholm continues as music teacher a half day each week.

On June 30, 1957, Mrs. Jennie D. Blake resigned her post as District Treasurer, an office she has held for 39 years. I want to express the gratitude and appreciation of the entire community for her efforts on our behalf over this long period, and to extend to her our every good wish. Mrs. Francis Wheeler was appointed Treasurer in her place, to serve until the next election.

School Finances

The budget for 1958-59 will be approximately \$24,500. The major increases are for salaries and tuition. In addition to the budget for this year, it is anticipated that there will be a deficit of approximately \$1,000 for the current year. It should be pointed out that this is the result of overexpenditures during the last two years. When the school books were balanced in June, 1957, it was found that there were insufficient funds to pay for a transportation bill of \$325 to the Franklin School District, and a withholding tax bill of \$301.80. These bills totaling \$626.80 were paid from 1957-58 funds.

It is now estimated that the expenditures for 1957-58 will exceed the budget by approximately \$400. This is due to salary adjustments made after the budget was adopted by the School District.

Equipment

During the last school year, six new pupil desks and chairs were purchased. These desks are especially designed to improve posture. The tilt tops adjust to level, 10 degrees and 20 degrees. This feature improves posture and reduces eye strain due to excessive reflections. The District should plan to purchase at least six of these units each year, until the school is supplied with modern desk and chair units.

School Lunch Program

I again wish to compliment the District for establishing a Lunch Program in the Town Hall. As explained last year, the program is financed through Federal Aid of .05 per individual meal, and free foods distributed by the N. H. Distributing Agency. This money, plus the student payments of .25 per meal, have met all the operating costs.

The \$900 appropriated by the District has paid for the salaries of the workers in the School Lunch Program. The budget this year includes \$200 to pay for the additional expenses of heating and electricity at the Town Hall.

The money raised by the District for cafeteria workers salaries, amounts to less than .50 per hour. I recommend that the District consider increasing this as soon as possible. The District has been fortunate in having competent workers and should do everything possible to keep them in this program.

It has been my experience that the Federal Aid of .05 on every meal, and free foods from the Government, plus the State regulated charge of .25 per meal from each child, will finance a good School Lunch Program. However, often these funds will not pay for the salaries of the manager. I have visited a number of programs where no town money is provided for the operation of the cafeteria and in every instance the quantity of the serving, and sometimes the quality, was, in my estimation, below standard. All of the six programs under my supervision are being supported by special town appropriations for the paying of salaries. Such an appropriation insures the stability of the program and assures wholesome, well-balanced meals for each child.

I would again like to thank Mrs. Caroline Robie, Mrs. Geneva Gilbert, Mrs. Eva Woodward, and Mrs. Clara Miner for their loyal support of the School Lunch Program. We sincerely appreciate the help of all those who have so generously donated to this program.

Helping Teacher

The School Warrant this year includes an item on the appointment of a helping teacher for the four towns in the Supervisory Union No. 18. This position is being recommended in order to give special attention to supervision of instruction and the improvement of elementary courses of study. The need for such a position has grown in recent years because the typical Superintendent of Schools has to devote nearly all of his time to school buildings, school building maintenance, preparation of school budgets, school board meetings, employment of teachers, supervision of school lunch programs, supervision of transportation, supervision of nurses, etc. The addition of this position would create a stable plan for the supervision of teachers and the general improvement of instruction.

The salary of a helping teacher would be approxi-

mately \$5,000 for an eleven month year. In addition, a travel allowance of approximately \$500 would be required. The State requires that all helping teachers have a Master's degree. The reimbursement of \$2,500 from the State Board of Education means that the net cost to four towns in this Union, would be approximately \$2,500. If we are able to hire a person at the above salary figure, the costs to each school district would be as follows:

	Salary	Travel
Franklin	\$1,866.50	\$373.30
Hill	105.25	21.05
New Hampton	264.75	52.95
Sanbornton	263.50	52.70
	\$2,500.00	\$500.00

I wish to express my appreciation to the School Board, the school staff, and the people of Hill for their cooperation and support during the last school year.

Respectfully submitted,

RICHARD A. MARTIN
